A Clear Solutions Technology, Inc. Company

PFC Equipment provides pumping solutions for:

- Product Transfer
- Bottling
- Unloading spent grain

Standard and Custom Pumping Solutions

- No matter how simple or unique and difficult your brewery pumping application may be, PFC Equipment has a wide range of products to provide you with either a standard offering or a completely customized approach to your fluids handling needs.

Efficient, gentle solutions for transfer, topping and filtration.

PFC Equipment offers a wide selection of sanitary, food grade pumps. We understand the need to move your product quickly and gently between phases of production.

Whether you need to transfer beer between vessels or recirculate chill water, PFC Equipment, Inc. can provide a wide selection of brewing pumps and filtration options from a number of leading manufacturers. No matter how big or small your pumping flow requirements, PFC Equipment has a pump to improve your brew application.
